Publication Information

Clearly identify the report, data set, or other document that contains the information you want the Department to correct.

DOT Agency: FMCSA

Publication/Report Title: SafeStat Analysis Report- Motor Carrier Safety

Record

Publication/Report Title: 9-28-02

How did you receive the information? If found on a website, please indicate the URL

WWW.Safestat.com

Describe how the information in question affects you (i.e., how an alleged error harms you, and/or how the correction will benefit you).

The Safestat report shows we have 83 tractors, We actually own and operate 97 tractors. This will change the evaluation of our performance. I am not sure where the 83 units came from. Perhaps the old compliance review.

Thanks for making the change

Clearly identify the specific information that you believe needs correction. Please change the Number of Power Units Owned and Term Leased to 97

Specify, in detail, why you believe the information fails to meet standards of integrity, utility, and objectivity.

We can show you with any detail you require the number of vehicles we are operating .

Specify your recommendations for what corrections DOT should make to the information in question and reasons for believing that these recommended corrections would make the information consistent with both the DOT's and OMB's information quality guidelines.

No other changes required at this time other than changing units from 83 to 97

In a case where the Department has not designated a report, data set, or document as being subject to these information quality guidelines, and you believe it should be, you should specify why the information should be subject to the guidelines; and include any documentary evidence you believe is relevant to your request (e.g., comparable data or research results on the same topic). No other changes required at this time other than changing units from 83 to 97
